

Comments from Parental Questionnaires 2022-2024

Small and boutique, approachable and friendly with a personal approach and connection with each child.

Dedicated, friendly, helpful staff. They create a welcoming environment for the kids and parents alike.

Small community feel.

It's a really close knit family school, has a little village vibe and in such a beautiful setting.

You all make Combs school what it is – a precious gem!

The pupils, parents and teachers all make it special and are all so welcoming and friendly.

I would strongly recommend Combs Infant School, it is an excellent school and my child is thoroughly enjoying their time there. They have progressed immensely since joining and we're very pleased with their progress and support by all the staff. Miss Sweatmore gives us regular feedback and is great at organising and encouraging the students who attend.

Brilliant school!

The teachers always have time to talk and are always open to any suggestions made by parents.

Incredible headteacher who leads her staff well. Amazing set of teachers, teaching assistants and staff who come in for various activities.

Brilliant staff and resources and ethos of spending time outdoors.

They care about children and parents!

Unique opportunities such as baking, forest school and off site events which aren't possible in much larger schools.

Endless amount of activities they have for the kids and their dedication to their advancement.

I am over the moon with Combs Infant School. My child loves it there, gets on well with the other children and has a great relationship with all the staff. I would highly recommend this school to other parents and can't wait for my youngest to attend next year!

Combs Infant School and all its staff go above and beyond to support the children and their families. An absolute credit to the headteacher and governors, and the staff should be immensely proud to call Combs Infant School, their school.

Welcoming and friendly, always go above and beyond and great support for the children.

Everything! The kindness, compassion and hardworking approach from staff make it a joyful school.

My husband and I love Combs and we will continue to love and support it and recommend it for yours to come!

The atmosphere and learning environment is like no other. All the teachers and staff go that extra mile to ensure that the children have the best school environment and education.

The way staff care about the parents as well as the kids.

Constant updates on my child's progress, the wonderful location and activities available for my child, the support from the teachers and good communication with day to day catch ups.

The school itself is based in a beautiful rural setting in a village with a tight-knit community who fully supports the school.

Personal setting for each child.

The Rotunda building is amazing and it is great that children can learn/play outdoors in all weathers.

My child is in her last year at Combs and we couldn't be happier with her development in her time there. She's thriving and the teachers have been a credit to my child's progression, ready for her next step. Thank you to everyone 😊

Friendly, superb teachers and a lovely environment for my child to learn.

Small, friendly, rural village infant school set in a beautiful location. Amazing teachers and teaching assistants.

My girls love coming to Combs. The team have done such a wonderful job at helping my daughter settle in even though she's so small. Thank you so much!

The care and support you offer each child at school.

Nurturing teachers and family environment.

Forest school is particularly great for children to be outdoors

Small and tailored to each individual child's needs/interests. Issues are picked up and resolved very quickly. There's enough staff for children needing extra support to receive which naturally progresses the child quicker gaining confidence in their environment.
