

September 2024-2025 – Using the Sports funding to enhance children’s health and well being

	Objective	Activities	Cost	Success Criteria	Evaluation/Impact
1	To continue to provide skilled practioners to deliver a high quality PE curriculum	Weekly games lessons, to continue to teach the children in two classes –KS1 & EYFS	£7,660	Children will leave Combs Infant School in line or above the National average in PE	A higher quality of PE lessons are being delivered and the children will sequentially build on their skills.
		Weekly dance/gym lesson, taught to two classes –KS1 & EYFS			
		Provision of a weekly Balls Skills After-School Club			
		Provision of a weekly Games After-School Club			
2	The purchase of sports equipment to help enable children to learn new skills	To ride the bikes/balance bikes daily during break and lunch times. Timetabled bike sessions for the younger children to help develop gross motor skills and learn how to ride a bike	£863	Children will leave Combs with the skills to balance and ride a bike navigating direction, speed and space.	Children are learning, developing and regularly revisiting new skills.
3	To subsidise the cost of the visit to White Hall	To ensure all Year Two children have access to a residential visit at an Outdoor Educational centre	£700	All year Two children take part in the residential visit to develop additional team building skills and outdoor activities.	Effective and positive team building experience, children showing increasing resilience and independence during the activities and overnight stay.
4	Monitoring the progress of students	PE audit	£200	Audit, data to be used to produce a future action plan	Students will increase their confidence of teaching PE.
		Questionnaire			
5	To broaden the children’s experience of being active	To introduce new activities e.g. yoga and mindfulness (outside provider)	£1,880	Children have positive experiences of vigorous physical activity	Combs Infant School continues to promote active and healthy lifestyles.
⁶	Lunch/break activities	Purchase equipment to promote play balls, balance beams etc.	£300	Children will have developed their gross motor skills, balancing, coordination and working as teams.	Children are learning, developing and regularly revisiting new skills.

7	Lunch time activities	To employ a member of staff to organise, facilitate active playtime/lunch time activities	£2,347	Playtimes and lunch times to be active. Children have the opportunity to learn how to use new equipment and games. Children are encouraged to be active	Playtimes and lunchtimes are becoming more engaging with a variety of games/sports being encouraged. Adults are timetabled to lead on this role throughout the week, being the 'activity co-ordinator'.
8	To provide Forest School activities across the school	To provide two teaching assistant to support a qualified forest school practitioner	£2,300	Children will experience a breadth of activities and opportunities in Forest School and the outdoor space due to the number of adults present and able to deliver the sessions.	Teachers have a full range of equipment and adults needed to deliver lessons and therefore, children are learning new skills.
			Total £16,250
